Dear Parents and Carers

## Secondary Student Testing

As part of measures nationally to minimise risk as students return to school in September, all secondary students should complete two Lateral Flow Tests within school testing centres. One of these tests must be completed prior to students returning to school, with the other completed within the first week of return. We recognise this as a key measure to support a safe return to school and to reduce the risk of transmission within the school community and therefore we ask for parent/carer support with this process.

### Updated Consent for Testing

Please can we ask parents/carers to complete the updated testing consent form, if you haven't already done so, which can be found at this link: <https://forms.office.com/r/j2aj7SRkep>

It is important that we have an updated consent list for the start of the academic year, so please ensure that you complete this new form, even if you have previously given consent.

### Testing Dates & Times

In order to avoid significant disruption to the start of the year we will commence testing on Thursday 2<sup>nd</sup> and Friday 3<sup>rd</sup> September.
